- Special care zones in South Korea as designated by the Government of the Republic of South Korea

We have not been made aware of any student or staff member who has returned from any of the above areas since February 19. This includes those students and staff who have recently returned from trips abroad, including our ski trip for which the guidance goes on to cover below:

*If you have returned from **these areas** since February 19 and develop symptoms, however mild, you should stay indoors at home and avoid contact with other people immediately and call NHS111. You do not need to follow this advice if you have no symptoms.*
